- Key - fresh batch* = new batch which can be planted now with care when handling the rootball at planting time. Will continue to develop to a fuller or taller hedge with seasonal growth.
- Key - Container planting* = the varieties we recommend as the most suitable options for long term container planting. Minimum container dimensions 70L - 1m L x 400mm H x 400mm W, 100L - 1m L x 500mm H x 500mm W
- More varieties are in production and will be added to the list when available for planting.
- We recommend and can supply 13mm x 2.2l/hr x 30cm Flow Regulated Landscape Drip Line which evenly delivers water at a known rate to the root zone where it is needed.
- Payment is via internet banking, and required prior to dispatch. We do not have credit card/EFTPOS facilities.

25L hedge bag - approx rootball dimensions and minimum trench required 250mm wide x 150mm deep, weight approx 25Kg.
 70L hedge bag - approx rootball dimensions and minimum trench required 400mm wide x 250mm deep, weight approx 65Kg.
 100L hedge bag - approx rootball dimensions and minimum trench required 500mm wide x 300mm deep, weight approx 100Kg.
 45L easy lift bag - approx 400mm diameter x 400mm deep
