* Key - **Fresh batch** = new batch available which can be planted now, and will continue to develop to a fuller or taller hedge with seasonal growth

- **Semi-deciduous** = predominantly evergreen, but may lose some leaves in autumn/winter or dry conditions, or as new foliage growth is starting

Many more varieties are currently in production and will be added to the list when available for planting

In Production for Spring/Summer 2017:

Camellia sasanqua 'Setsugekka'

Griselinia littoralis 'Broadway Mint'

Ilex 'Black Shadow'
